

CORNER MARSHAL'S SCHOOL

Saturday, May 31, Moroso Motorsports Park, Starts at 8 am

The Corner Marshal's School is a great way to get in gear for the Race year ahead! You'll get the latest word on Flagging and Communications rules and regulations - plus a yearly update and reminder of procedures. It's a must for any new workers that can attend, and valuable for Worker Vets too - it proves you CAN teach old dogs new tricks!
CPR class will be available if we get enough interest.

Contact Peg Barten at PBarten@FloridaRegionSCCA.com.

Registration starts at 8 am with class sessions getting underway at 9 am. Lunch is included. The School is free to anyone interested in becoming a corner marshal (formerly know as corner worker). Drivers interested in participating in corner marshal's activities are encouraged to attend and bring their cars so that new workers can see and practice proper extraction techniques for a variety of racecars.

A big Thank You to all the Florida Region Drivers whose contributions to the Worker Fund make this school free of charge for all of us - we really appreciate your support!
